NEC Display Solutions

NEC InfinityBoard 65" & 84"

Create - Collaborate - Communicate

InfinityBoard

Create-Collaborate-Communicate

Infinite possibilities to facilitate collaboration, drive productivity and keep employees attentive and motivated.

Collaborate

Supporting screen to screen and room to room collaboration that brings teams together from different locations to create and share content. Wireless presentation and screen to device interaction ensures the InfinityBoard solution remains integral to modern workflows. Enjoy collaborative writing with the ability to import images, videos, PDFs, Office documents and group video using NEC's InfinityBoard.

Create

Be creative at the whiteboard with intuitive finger / pen touch and palm erasing, and annotate directly into documents. The infinite canvas allows you to create, annotate and present with the ability to add media panels and import and export content. Even at close proximity, enjoy pixel-free ultra-high definition resolution visual performance.

Communicate

Combining the Huddly camera with 120° viewing angle, high-end speakers and modular slot-in PC with Windows 10 operating system, the InfinityBoard is a highly flexible solution designed to support your company specific conferencing application to facilitate effective face to face interactions.

The MultiPresenter wireless presenting functionality supports all major operating systems and allows you to connect up to 12 personal devices. Share what's on your screen to connected mobile devices or PCs, or follow a presentation on your personal device and save it for later review.

Meeting rooms are evolving into multi-use spaces. NEC's InfinityBoard is designed to fit your meeting scenario, whilst perfectly fulfilling your needs for a powerful and scalable workspace.

Presenting, brainstorming, reviewing, video conferencing or collaborating - whatever the objectives of your meeting, the InfinityBoard presents a perfect fit modular solution to achieve your desired meeting room space.

The Solution

Touch UHD display for pixel-free viewing

Slot-In PC for any application needs

Speakers and Huddle camera for productive videoconferencing

Passive pen for natural writing experience

Interactive Whiteboard Application to note down your creative ideas

MultiPresenter for easy wireless presenting

The central image shows the NEC InfinityBoard, a large touch-screen display. It displays a video conference with a man in a headset. The screen also shows a 'strategy' section with a 'CHECK LIST' and a 'DIGITAL MARKETING' section with a 'Content' label. A passive pen is shown pointing at the screen. A hand icon is shown interacting with the screen, indicating the interactive whiteboard application. A MultiPresenter device is shown at the bottom, indicating wireless presenting capabilities. Two tall, thin speakers are shown on the left, indicating the speakers and huddle camera for videoconferencing.

InfinityBoard

Create-Collaborate-Communicate

Your all in one solution for your meeting room

- UHD “pixel-free” viewing in 65” or 84” size.
- Future proof with upgradable OPS Slot-In PC.
