## Intel<sup>®</sup> Smart Display Module (Intel<sup>®</sup> SDM) 8th Generation Intel Core i5 Processor

The Enterprise Core i5 SDM

Configurable Intel<sup>®</sup> SDM Slot-In PC for demanding meeting room applications

This Core i5 powered Intel<sup>®</sup> SDM Large Slot-in PC is specifically configured for demanding corporate meeting room applications, such as video conferencing, interactive whiteboards and collaborative use cases.

## **Benefits**

- **High performance** Intel<sup>®</sup> Core<sup>™</sup> i5-8400H Processor with 16GB dual channel DDR4 RAM delivers fast data processing and is capable to run multiple operations and applications at the same time; powering the next generation of embedded computing.
- High usage flexibility thanks to wide connectivity such as 4 x USB, MiniDP++, Gigabit Ethernet, Audio and optional WiFi; there's no need to add additional adapters or signal splitters.
- Seamless and fully embedded The Intel<sup>®</sup> SDM form factor provides a compact and fully embedded solution ensuring that all connectors are integrated including Power, Video & Audio Signals and RS232.
- 100% compatibility and enhanced feature-set in combination with supported NEC large format displays.
- Built for business vPro® technology and TPM chipset provide enhanced performance, security and remote management capabilities.
- High reliability Ideally suited for 24/7 operation due to the use of industrial grade components.

## Intel® Smart Display Module (Intel® SDM) featuring Intel® 8th Core i5 Processor

## **Technical Specifications**

| ORDER CODES                        |   |
